- **LATE FILING FEE - FILING APPLICATION FOR A PERMIT AFTER WORK HAS STARTED = 100% OF THE NORMAL FEE (ADDED TO THE NORMAL FEE - FEE IS DOUBLED)**
- ALL FEES ARE CHARGED A 1 % SURCHARGE WHICH IS PAID TO THE OHIO BOARD OF BUILDING STANDARDS. This total assessment is pursuant to OAC 4101:8-1-03: Each political subdivision that prescribes fees for the acceptance and approval of plans and specifications, and for the making of all inspections pursuant to division (E) of section 3781.102 of the Ohio Revised Code shall collect on behalf of the Board of Building Standards an assessment equal to one percent of such fees.
- Recent revisions to the Ohio Revised Code Section 3781.10 gave the Board of Building Standards the responsibility to adopt a statewide mandatory residential code. The first Residential Code of Ohio (RCO) was effective on May 27, 2006. Prior to that date, each local jurisdiction had the authority to adopt its own regulations.
- The RCO is now the only code permitted to be enforced by all political subdivisions that wish to enforce a 1-, 2-, and 3-family building code. Board staff can offer opinions regarding the RCO. However, the enforcement and interpretation authority for the code lies with the local building official having jurisdiction.
