## CHESAPEAKE LOFTS

## Changing the direction of Sandusky!

The Paper District project, when complete, will have redeveloped 40 acres of waterfront property into condominiums, marinas, retail and dining that will attract tourism and excitement in our historic downtown.

The Paper District will be the home to a 92-dock transient marina specifically planned for transient docks to accommodate boaters traveling the Great Lakes.

The project area is situated along Shoreline Drive within the City's Paper District, overlooking Sandusky Bay with a view of Cedar Point Amusement Park and the Jackson Street Pier. It is within walking distance to downtown shops and floral parks.
